DOSTH TECHNO SOLUTIONS- Overview

The **DOSTH TECHNO** had its origins as a small idea, which was to simplify the entire world of IT. If we simplify it, any professional or student could easily absorb the abundant knowledge in his or her own way. I wished to start this as a small solution. However, ideas and innovations started flaring, leading me to so much ahead.

Finally in 2015 Jan 1st, our idea took a solid form with the name of **DOSTH**. In the sweet words of prophet MOHAMMED NABHI (P.B.U.H) his comrades, "All in the world should be treads and united" in which me and my organization wished to tread was strongly believe in this, me and the staff of **DOSTH** , aim to be a guide and "**DOSTH**" to all of you.

Currently we provide a number of services in this field, consisting of Software development, Website Development, Mobile Applications Development, Student's Career development, Data Management, Digital Marketing and Job Consulting. Hoping that these are useful to all our clients, we serve to increase our capacity and contribute more to the society.

DOSTH – BPO Services

- It is the act of transcribing some form of data into a different medium. Forms of data that folks might transcribe include sequences of numbers, computer code, information on spread sheets, handwritten documents and, as well as and even addresses and names.
- Usually the main reason of entering data into computers makes the data digitally. Once data is entered in the computer, it becomes easy to access it and manipulate it.

Our offerings include:

- **OFFLINE DATA COLLECTION**
- **URL LISTING**
- **OFFLINE FORM FILLING**
- **DATA MINING**
- **EBOOKS CATALOG LEBELS ENTRY**
- **EBOOK TYPING**
- **PDF TO WORD CONVERSION**
