ABOUT ME

I have four hobbies: work, travelling, sport, and reading. I always try to connect these four things.

I learn new stuff every day to be on a top of Android technologies and best practices. I have been working with Android more than 1 year and I'm working with technologies like:

1. Android
2. Java
3. REST
4. XML
5. JSON
6. HTML
7. GIT

Now I'm working just with **Android Studio** but also have experience with **Eclipse**.

I have experience work with **mobile, tablets**, knowledge's with base Android components like **Activities, Fragments, Services** and **Metallic UI**.

I'm trying to follow in my project **code style, best practices and use documentation**. And experience of **MVC** programming patterns.

By the way I'm really interesting in time-management and management overall.

Most my free time I'm trying to release my ideas at real life.

I love to be a team member. It's a great opportunity to share your experience and meet a great people.

Extramural Engagement:

- Created awareness about Computer Science and technologies (2K13) –
 - Took some students, based on their technical interests and capabilities and taught them web development skills.
 - Involved them in some real time projects, College's own Social Network and our E-Commerce concept.
- Event Managements –
 - Worked as a part of Technical team in a Quiz Competition (2K13) (College Fest).
 - Managed decoration as the Head of Decoration team, Novizio 2K14 (College Fest).
 - Worked as a Discipline Volunteer, Novizio 2K15 (College Fest).
 - Managed Food Court in Novizio 2K14 and Novizio 2K15 (College Fest).
 - Worked as a Head coordinator in LAN GAME during College Fest Novizio 2K15.
- Volunteered in College Fests.
 - Branch Games (2K13).
 - Novizio (2K13 & 2K14).
 - LAN Gaming (2K15).
