Profile

Working on various projects made me learn many new programming languages and techniques resulting in constant advancement and improvement of my skills which is very important in the ever changing world of IT. Working in a fast paced environment often involves meeting tight deadlines and working under pressure as well as having excellent interpersonal skills.I consider myself to be a hard working, reliable and conscientious person, with high standards and the ability to learn new skills quickly. I especially like working in a dynamic and effective team to which I can contribute with my skills.

Interests

Web development

Windows application development.
