- Others : Html , XML.

Traning

Android from HCL CDC Technology.

Experience

I have working as Android Developer in Suncor Microsystems Pvt LTD last 8 months.

Project

1. **Title** : BAR Code & QR Code Scanner

Technology : Android Studio

Description: What really makes Barcode Scanner something you'll want to download is the fact it scans and reads QR codes. For those who don't know, QR codes are those black-and-white squares found at the end of all of our app reviews. They usually contain data like a text file, or in this case, a link to an app on the Market. Having Barcode Scanner at your disposal means you can just scan the code and get taken to the app in the Market, no searching necessary.

2. **Title** : SBNYC

<https://play.google.com/store/apps/details?id=com.msr.snt.york1&hl=en>

Technology: Android Studio

Description: The "Set for Success" app has been created and designed specifically for large scale group safety and awareness in New York City. It will serve to keep Students, Chaperones, Band Directors and the Tour Guides better connected and on the same page. Students on Broadway NYC is all about creating a balanced, safe and superior New York City experience that exceeds expectations at every turn.

3. **Title** : Pet app (Kinabalu)

<https://play.google.com/store/apps/details?id=com.snt.kinabalu&hl=en>

Technology: Android Studio

Description: Kinabalu Animal Clinic has been serving the pets in Sabah since 2015. Our practice is made up of talented veterinary professionals who are passionate about animals and will take care of each pet as if it were their own.

We invite you to bring your pet in for a check-up and treatment. Kinabalu Animal Clinic has the wellness services you'd like when your pet's feeling fine, and the emergency services you need when illness or tragedy strikes.

4. **Title** : Contraction app (IMEA)
