- Good team player and taking ownership's and responsibilities in team work.

### TECHNICAL SKILLS

<b>ETL Tools:</b>	Informatica Power Center 9.X, Informatica B2B Data exchange
<b>Language &amp; Tool:</b>	SQL, Toad for DA
<b>Operating System:</b>	Windows
<b>Database:</b>	Oracle 11g, DB2

## PROFESSIONAL EXPERIENCE:

### **Project 1:**

#### **Eagle Eye: Hanover**

Eagle eye was a project wherein they wanted to build a data mart that fetches all the claims details of the organisation based on some corresponding conditions and send them to a third party vendor named 'Eagle Eye'. This third party vendor used these claims details to evaluate the organisation's profit/loss status.

**Duration:** September 2015 – April 2016

**Environment:** Oracle 11g, Informatica 9.5.1, DB2.

#### **Roles and Responsibilities include:**

- Understanding the Requirement from the clients.
- Providing an Estimate of development effort for the development phase.
- Preparation of Project documents that includes Tech Spec, CI list, Maestro docs etc.
- Daily status call with the onsite Coordinator.
- Testing of the jobs and preparation of UTRs.
- Coordinating with other team during the go-live week

### **Project 2:**

#### **Fiserv Replacement/Paymentus: Hanover**

This project was intended for replacing one of the payment gateways. Initially Hanover was using Fiserv's services to process all its payment, but later on they decided to go with 'Paymentus' which provided a whole lot of new features. As a result of this I had to replace the existing process with a new process for using paymentus's services. In this project I was working/reporting directly to the client side Tech Lead.

**Duration:** June 2016 – October 2016

**Environment:** Informatica 9.5.1, Oracle 11g, Toad, DB2.

#### **Roles and Responsibilities:**

- Understanding the Requirement from the clients.
- Providing an Estimate of development effort for the development phase.
- Preparation of Project documents that includes Tech Spec, CI list, Maestro docs etc.
- **Daily status call directly with the Client Tech Lead.**
- Testing of the jobs and preparation of UTRs.
- Coordinating with other team during the go-live week.

### **Project 3:**

#### **Policy Pull: Hanover**

The aim of this project is to enhance the jobs that load the source tables of different data marts. Basically the process that we follow is loading the raw data into DB2 tables and then from DB2 to RDSA, RDSA to RDSA stage, and RDSA stage to EDW stage and EDW stage to EDW tables. My work circulates on the part where we load data from DB2 to RDSA tables. This is one of the critical projects I am working on, as my jobs are the dependencies of the entire process

**Duration:** November 2016 – June 2017

**Environment:** Informatica 9.5.1, Oracle 11g, Toad, DB2.

#### **Roles and Responsibilities:**

- Understanding the Requirement from the clients.
- Providing an Estimate of development effort for the development phase.
- Preparation of Project documents that includes Tech Spec, CI list, Maestro docs etc.
- Daily status call with the onsite Coordinator.
- Testing of the jobs and preparation of UTRs.
- Coordinating with other team during the go-live week

### **EDUCATIONAL DETAILS:**

<b>Examination</b>	<b>School/Institute</b>	<b>Board/university</b>	<b>Year of Passing</b>	<b>Percentage</b>
B.E	Sairam College of Engineering	VTU,Belgaum	2013-14	66.00%
S.S.S.C	Vivekananda Kendra Vidylaya	C.B.S.E	2009-10	62.64%
S.S.C.	Vivekananda Kendra Vidylaya	C.B.S.E	2007-08	75.00%

## PERSONAL PROFILE

- Marital Status :Un-Married
- Nationality : Indian.
- Current Address : #301, Bhorer Aalo Abasan, GhoshPara, Bally, Howrah 711227
- Languages Known : English, Hindi, Bengali and Assamese.
- Date of Birth : 23<sup>rd</sup> December 1991.
