My ProjectDetails

Project # 1

Title: StreetVendor

Client: RMC

Team size: 2

Environment: Java, Android SDK and Sq Lite, Webservices.

Description: This App is used for doing survey for Streetvendors who are doing business on the roads ,using this app we can collect all the shops details and seller details and his family member details and there AadhaarNumber.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Project # 2

Title:Health Proffers

Client: Health Proffers

Team size: 2

Environment: Java, Android SDK and Sq Lite, Webservices.

Description: This App is used for searching the hospitals based on location and Specialization, in this app we can give the user to search for near hospital and also able to view the offers given for particular test.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Google Play Link:

<https://play.google.com/store/apps/details?id=com.scriptedpapers.actionbar&hl=en>

Project #3

Title: DalerMehndi

Client: DalerMehndi

Team size: 1

Environment: Java, Android SDK and Sq Lite, Webservices.

Description: This App is a Celebrity App, we developed this app for Pop Singer Daler Mehndi.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Project # 4

Title: LoadX (Android Application)

Client: Loadx

Team size: 1

Environment: Java, Android SDK and Sq Lite, Webservices.

Description: This App is used for Loads carry which is similar to OLA, Taxi Now by using this app we can book truck nearby our place.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Project # 5

Title: CCL

Team size: 1

Environment: Java, Android SDK

Description: This App is about ccl matches and their schedule details and Teams Details and Score details

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Google Play Link:

<https://play.google.com/store/apps/details?id=com.mobifusion.androidmrv.CCL&hl=en>

Project # 6

Title: National University App(US) (Android Application)

Team size: 1

Environment: Java, Android SDK

Description: This App is used for Showing the places of national university (US), Showing innerBuilding View and Voice Based Navigation and Google maps.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Project # 7

Title: Literature Framework

Client : Mobifusion Inc.

Team size: 2

Environment: Eclipse, Android SDK, Java,Sq-lite.

Description:

This comprehensive, must-have guidebook app answers all your questions about which supplements you should ... and shouldn't ... take to achieve the best possible results for your body.

Google Play Link:

<https://play.google.com/store/apps/details?id=com.mobifusion.literature.TheSupplementPyramid>

Project # 8

Title: Recipes Framework

Client : Mobifusion Inc.

Team size: 2

Environment: Eclipse, Android SDK, Java,Sq-lite.

Description:

This is the frame work for all Recipes Related Apps.

Google Play Link:

<https://play.google.com/store/apps/details?id=com.mobi.android3.MeatAndStewRecipes&hl=en>

Project # 9

Title: Bright Framework**Team size:** 3**Environment:** Java, Android SDK**Description:**

This Framework is used for educational apps like GRE, TOEFL etc. In these apps we provide the Course material and Quiz for his personal analysis.

Google Play Link:

<https://play.google.com/store/apps/details?id=com.mobifusion.bright.Vocabulary4000>

Project # 10**Title: Minerva Framework****Team size:** 3**Environment:** Java, Android SDK**Description:**

This is the framework ,using this we can make many no of apps using one framework like recipes ,books ,audio,video apps,etc...

Google Play Link:

<https://play.google.com/store/search?q=mobifusion%20apps&c=apps&hl=en>

Project # 11**Title: Aadab Hyderabad News****Team size:** 1**Environment:** Java, Android SDK, PHP Web services.**Description:**

This is a news app ,in this app we can show news,like Top news,Cinema news , Sports News .. etc.with easy UI Navigation.

GooglePlayLink:

https://play.google.com/store/apps/details?id=com.xenorixit.aadab_hyd_news

Responsibilities:

- Design and Developed UI of Mobile Application

- Implemented, tested and debugged entire application.
- Written Web services in PHP.

Project # 12

Title: Wait wherever

Client : Wait wherever

Team size: 3

Environment: Java, Android SDK

Description:

This is Mobile business Application. It Wait Wherever is designed for merchants and customers for any business where waiting is inevitable in peak periods. Customers wait wherever they want until the business is ready for them. It is designed to easily manage the digital waiting list in real time.

Responsibilities:

- Design and Developed UI of Mobile Application

Project # 13

Title: Home Electricity Calculator

Client: Anisrav IT Solutions

Team size: 2

Environment: Android SDK, Java, Sq Lite

Description:

This is the application for calculating electricity bill.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.
- Customized Face book methods for integration with this application.

Project # 14

Title : Attendance Management System

Client: Anisrav IT Solutions

Team Size: 2

Environment : Java, Android SDK and Sq Lite Database.

Description:

This is the Application for taking Attendance using mobile app.

Project # 15**Title:** Lead Prime (Android Application)**Client:** Beetle Rim

(<http://stag.leadprime.com>)

Team size: 2**Environment:** Java, Android SDK and Sq Lite.**Description:**

This application is used for lead generation for organization using mobile app.

Responsibilities:

- Designing and developing Android Application.
- Coding, testing and debugging of application.

Google Play Link:

<https://play.google.com/store/apps/details?id=leadprimemobile.mobile>

Declaration

I hereby declare that the information given above is true to the best of my knowledge. I will make it my earnest endeavor to discharge competently and carefully the duties you may be pleased to entrust with me.
