ABOUT US

iMuons is a one-stop solution for all your business needs right from the inception to the completion. We have catered to some of the most reputed brands all across the globe. Based on the objectives of our client, we formulate an online marketing plan that will not only give them the required attention in the digital space but also help them grow their business extensively. We offer an in-depth experience in business process automation for multiple sectors.

We aim at bridging the gap between companies and the latest trends in the market. As a principal provider of end-to-end solutions, we collaborate with many multinational companies to take care of all their technical and promotional needs. iMuons takes great pride in providing the best combination of technologies to many demographically different small, medium and large companies.

OUR CLIENTS

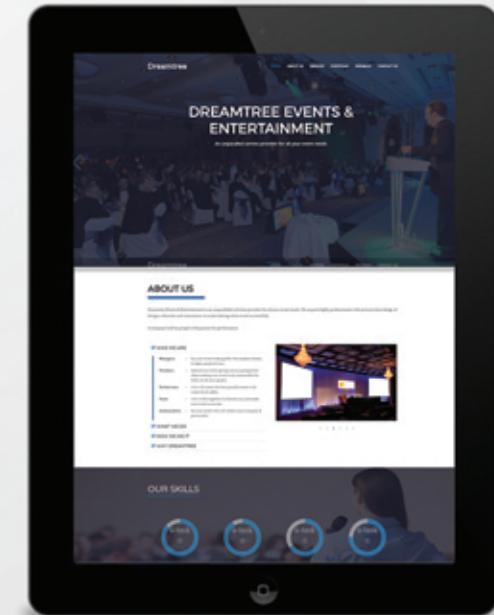

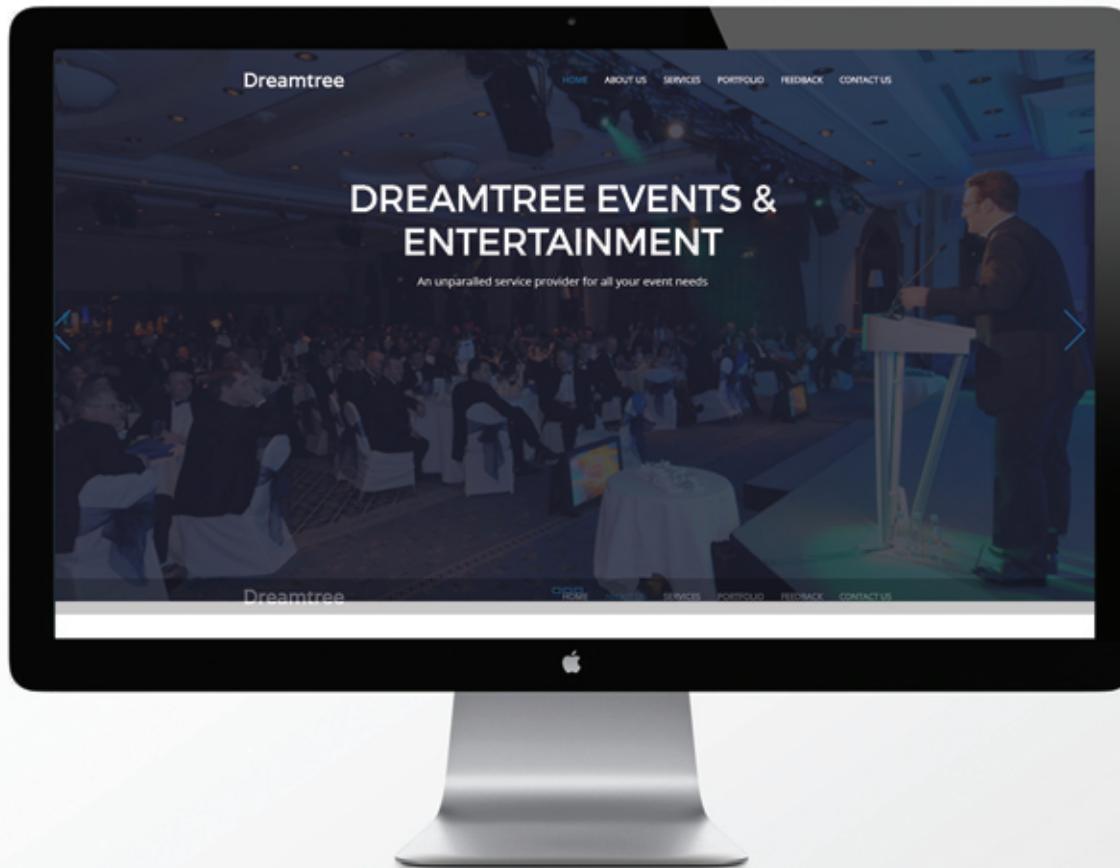

WEB APPLICATION & SOFTWARE DEVELOPMENT

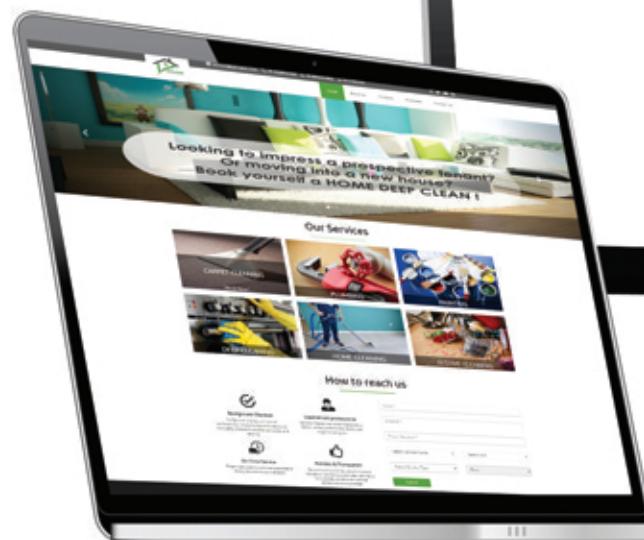

Wealth and Health works to create and sustain awareness about the need of Comprehensive Financial Planning to a large cross section of the society. Our collaboration with them laid the threshold for several future endeavours.

Dreamtree is one of the fastest growing event management companies today. They have catered to some of the biggest brands in the market. They are a bunch of extremely creative people. We just added a tinch of our creativity to theirs.

Spruank helps you free up time to spend with your loved ones in a clean house. Basically they have taken the entire concept of house-cleaning online. We had a really amazing experience collaborating with such a unique venture.

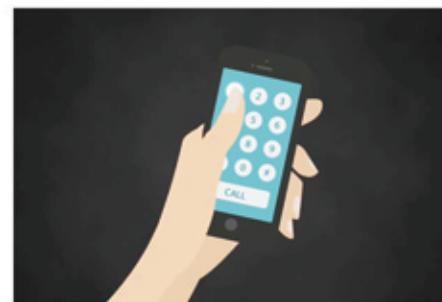

ANIMATION

2D ANIMATION

DELHI MAHILA AYOG

The National Commission for Women has initiated various steps to improve the status of women and works for their economic empowerment. When you get to work with such an organisation, it gives you not just satisfaction, but also a sense of pride.

MOTION GRAPHICS

TRAVEL

While most of the travel sites we have come across assist individuals with booking a vacation, certain companies have made a name for themselves by standing out in one particular area. We are really glad to have worked with such a company.

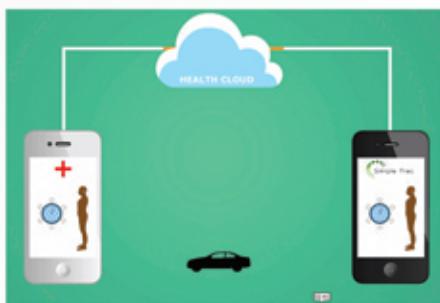

MOTION GRAPHICS

SIMPLE TRAC

Simple Trac launched a medical equipment that is unique in its own ways. The device monitors your glucose levels automatically. All you need to do is, clip it on your ears. We collaborated with them on this awesome venture.

INFOGRAPHIC

VAAAS GLOBAL ENTREPRENEURS

VAAAS Global is a multinational conglomerate brand headquartered in London, UK. It helps entrepreneurs in setting up their business and growing it.

VAAAS Global is a multinational conglomerate brand headquartered in London, UK. It helps entrepreneurs in setting up their business and growing it. iMuons and VAAAS share the same vision, and therefore we established good long term relationships with them.

OUR PARTNERS : ION

ION

ION Worldwide LLC is the parent company of consumer electronic specialist, World Wide Licenses Ltd – owner of the ION trademark globally for digital imaging since 2001. ION AIR PRO is the first of its Sports Action Camera Line Up. IONAIR PRO is best in class when it comes to form, fit, finish and overall ease of use. Its iPhone Mobile Application allows you to make your social media interaction dynamic with real time sharing of your photos and videos. Our mission is to "keep your eye on the action" and IONAIR PRO does just that...

The ION line of point-of-view video cameras is perfect for everyone who wants to experience life—and then relive the experience. From action cameras to home monitoring, ION captures it all simply and brilliantly. The ION line covers a vast range of highly specialized products, from our flagship Air Pro™ to our stealthy CamoCam™ to our ION at the home™ video monitoring system. Every product has been designed for simple, intuitive operation.

Our action cameras are shockproof, waterproof, and tough as nails, yet they capture the video you want in pixel-perfect HD clarity. The ION team spent years developing and designing cameras and wireless gear for some of the biggest brands in the business, and today we're proud to put our experience to work for the most exciting brand in imaging. We're passionate about giving ION customers cameras that exceed their expectations.

CATALOGUE DESIGN

These days, you will hear the term "print is dead" by so many experts in the advertising and marketing fields. While it's true that a lot of traditional communication materials are going digital, print is far from done. Print is still very much alive; you just have to know how to utilize it, and get the most bang for your buck.

FLIPBOOK CREATION

Flipbooks can be accessed easily. All a user has to do, is to click on a link and the media is there for them to consume in all its bright, beautiful glory. There's no need to download any special software or buy a specific device – if you can access the web you can most likely access flipbooks and make the most of the next generation of online publishing.

ION

LOGO DESIGN

Twitter only paid \$15 for its iconic logo. Nike paid \$35 for the swoosh. To design the perfect company logo, you don't have to spend tons of money. You do, however, have to spend time and energy carefully considering what you want your logo to say about you. We are proud to say that we master the art of it. We know the game.

VISITING CARDS

You can encounter a potential lead or contact at any time - tradeshows, industry conferences, happy hour, airport lounges and arming yourself with business cards at all times will ensure that you never miss an opportunity to make a valuable business connection. Keep some in your pockets, wallet, money clip or laptop bag so the next time you encounter a prospect you are prepared.

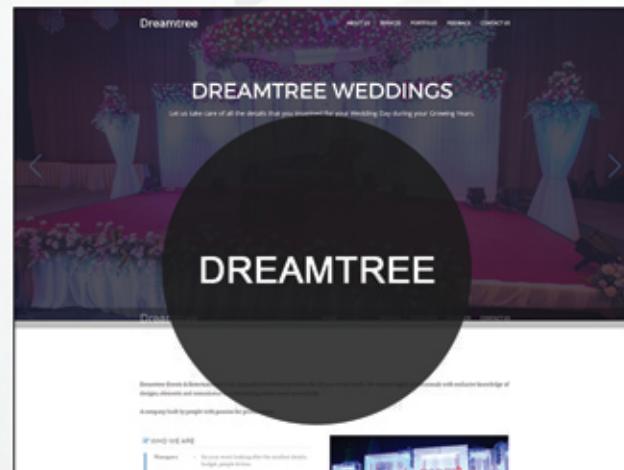

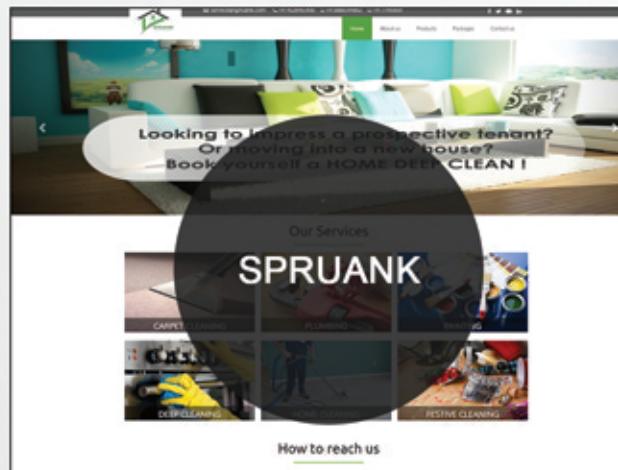

DIGITAL MARKETING

SEM & SMO

Even if you have tons of website visitors but none of them ever convert, your business will also cease to exist. Digital Marketing helps you make use of proven strategies and techniques that attract not necessarily more traffic – but highly targeted traffic that deliver results.
